

Become a Certified **Master Watershed Steward**

- o Is there a flooding or drainage problem in your neighborhood that you want to fix?
- o Do you want to lead your community to reduce pollution?
- o Want to get off the sidelines and make a *real* change?

You don't have to be an expert, we'll show you the way! The Watershed Stewards Academy is a great opportunity to learn how to solve environmental problems in your community and find a local network of energized leaders. Visit www.aawsa.org for more information!

To learn more about our program, please join us at any of the following free information sessions:

August 4th 12:00 p.m.

**Captain Avery Museum
1418 East West Shady Side Road, Shady Side, MD**

August 5th 6:30 p.m.

August 20th 6:30 p.m.

September 3rd 6:30 p.m.

September 10th 6:30 p.m.

**Arlington Echo Outdoor Education Center
975 Indian Landing Road, Millersville, MD**

August 12th 6:00 p.m.

**Glen Burnie Town Center
101 Crain Highway North, Glen Burnie, MD**

To register for any of these free sessions please visit our website: www.aawsa.org

Applications are due by September 12th. For more information, contact Suzanne Etgen at setgen@aacps.org or (443) 871-0700 or visit www.aawsa.org.

Master Watershed Stewards work with their communities to:

Assess Watersheds— identify pollutant sources for local creeks and streams and create strategies for reducing these pollutants.

Educate Communities— help neighbors understand the most pressing environmental problems in their area.

Reduce Pollutants— work with communities to target pollution sources such as pet waste, fertilizer, erosion or pesticides.

Coordinate Action— help communities reduce polluted runoff by coordinating the installation of rain gardens, rain barrels and other Rainscaping techniques.
