At Arlington Echo Outdoor Education Center, we're eagerly looking forward to our 46th year of summer programming. Please take a moment to browse through this booklet to learn more about our wide variety of summer programs. We take pride in providing a safe environment for learning, making new friends, and building confidence. Each camp is staffed with a combination of certified teachers and enthusiastic junior counselors; it's their job to make sure each camper has a positive, unforgettable experience. We believe every child should have the opportunity to enjoy summer camp, and we offer financial assistance for those in need.

Arlington Echo Outdoor Education Center sits on 24 wooded acres at the headwaters of the Severn River in Millersville, a perfect location for teaching environmental stewardship in the outdoors. It's owned and operated year-round by Anne Arundel County Public Schools and is home to the Office of Environmental Literacy and Outdoor Education.

I'll be happy to answer any general questions about the program, so please don't hesitate to give me a call at 410-222-3822. We hope to see you this summer!

# World & Classical Languages

## El Campo del Bosque

For students entering grades: 1–5

**Dates:** August 8–11

**Time:** 8:30 A.M.–3:30 P.M.

From the moment your passport is stamped *entrada* (entrance) by the officials at *inmigración* (immigration), you will find yourself immersed in an exciting world where you will experience Hispanic culture and speak the Spanish language. The goal of *El Campo del Bosque* is to have learners acquire a beginning pronunciation and vocabulary, be able to make basic exchanges in the language, and develop some appreciation of the Hispanic culture. Through word games, skits, music, art, and outdoor activities, children gain an introduction or enhance their existing Spanish speaking skills while learning about the cultures in which Spanish is spoken.

During the course of the 4-day camp, instructors, who represent a combination of both native and non-native speakers, will immerse children in the target language through a non-intimidating yet challenging “Spanish only” environment. Students will experience the structure and sound of the language through the use of phonics, song and writing, as well as upbeat and exciting cultural activities.

Children with no Spanish language proficiency as well as the student who wants to improve his or her language skills during the summer are welcome. Students who attended the camp last year will be grouped in classes so that their learning can continue. A student/instructor ratio of 10:1 will be maintained with each group of 10 children also having a Junior Counselor and at least one Counselor-in-training. **The camp will be limited to 60 participants.** Children will be grouped primarily by their grade levels.

Swimming and canoeing will be offered to students who willingly can swim under the water and have some swimming abilities. These activities will be supervised by certified, English-speaking aquatic instructors at all times.

New this year, archery for 4th and 5th grade campers!

### Transportation

**At this time, no transportation will be provided for this camp.**

Parents are expected to drop off their children promptly at 8:15 and pick up their children promptly at 3:30.

### Cost

\$250.00 (\$100.00 deposit, \$150.00 to be paid upon acceptance.) Financial Assistance Scholarships may be available to students.

### Meals

Students will be provided with a culturally authentic lunch and snack each day.
