At Arlington Echo Outdoor Education Center, we're eagerly looking forward to our 47th year of summer programming. Please take a moment to browse through this booklet to learn more about our wide variety of summer programs. We take pride in providing a safe environment for learning, making new friends, and building confidence. Each camp is staffed with a combination of certified teachers and enthusiastic junior counselors; it's their job to make sure each camper has a positive, unforgettable experience. We believe every child should have the opportunity to enjoy summer camp, and we offer financial assistance for those in need.

Arlington Echo Outdoor Education Center sits on 24 wooded acres at the headwaters of the Severn River in Millersville, a perfect location for teaching environmental stewardship in the outdoors. It's owned and operated year-round by Anne Arundel County Public Schools and is home to the Office of Environmental Literacy and Outdoor Education.

I'll be happy to answer any general questions about the program, so please don't hesitate to give me a call at 410-222-3822. We hope to see you this summer!
